Summary

Continuation of [Celine Dion's Symphogear](#).

Celine Dion, Christina Aguilera, Jennifer "JLO" Lopez and Britney Spears ended up in Left4Dead. Luckily, they all have a Relic.

Since the incident with the free Halloween show, Celine has been keeping a low profile, until she falls asleep and when she wakes up, she finds herself in Left4Dead.

Rather than panic, which would have been only natural to do, she grabs her cell phone and shoots live on all social media platforms. Even on Twitch. How did her phone get there? It's a mystery.

"Good evening or good morning. Depending on the time zone. Uh, I'm Celine. Yes, the Celine Dion."

She flips her cell phone's camera so that her face is visible.

"You won't believe what's happening to me. I'm in a video game. Left4Dead, I think."

Celine flips her cell phone's camera again to film in front of her. She moves slowly.

"As you can see it. It's chaos here. The city looks like it's been besieged by... one second..." She zooms in. "Zombies. Real zombies. This is Left4Dead. For real. Okay, Celine, don't panic. I need to find a gun."

Celine looks for a gun, but she can't find one, then she hears a scream.

"That scream... I have to do something. I have to..." Celine sighed. "Okay, okay, I have a Relic. I admit it. I've got it on me, so... time to use Morgana."

A living light dazzles the cell phone's screen and then the phone merges with Celine's silver and black armor. Now those watching her have a clear view of the place. Everyone in the chat rooms is freaking out. Some recognized the voice that screamed. It was Christina Aguilera.

Celine Dion takes flight. The small crystal cubes, her weapons, float around her and are ready to shoot all the Infected. While singing The Power of Love...

Christina Aguilera trapped by a Boomer. The little crystal cubes shoot lasers at it, causing it to explode.

"Ew!" Said Christina. "Couldn't you have gotten it away from me before you shot it down?"

"Sorry, but..." The camera in Celine's Symphogear zooms in on Christina. "You have a Relic. Why don't you use it?"

"I don't know what you're talking about."

Suddenly, the two women heard a voice singing.

Christina Aguilera sighs.

"Okay, okay, my Relic Thelma."

Christina is transforming. Her Symphogear is in two shades of blue. Her weapon is a set of pistols with several types of magic bullets.

"Let's go!" Christina says, as she takes off.

Everyone in the chat rooms is even more excited. They can't wait to see Jennifer and Britney in Symphogear.

Celine follows Christina and they find Jennifer and Britney. They are slaughtering a horde of Infected. Jennifer has a spear as a weapon that can send a wave of destructive energy. Britney has a whip that can get very, very long. The whip can be equipped with an element, like fire. Britney's Symphogear armor is pink and white. J-Lo's is in two shades of yellow. Celine and Christina give them a hand. Fans watching the

live stream are treated to a fight and a quartet. As the divas must sing the same song to fight in harmony, they sing Do What U Want by Lady Gaga ft. Christina Aguilera.

When the horde was eliminated, Celine asks Britney and J-Lo what their activation songs are.

♪ **Saki Era Ava Tron** ♪ for Jennifer.

♪ **Selme Lena Olivia Tron** ♪ for Britney.

Jennifer's Relic is Ava, Britney's is Olivia.

Suddenly, the streaming stops everywhere. Everyone panics, then the singers give a sign of life on their Twitter. They are back on Earth, and they beg their fans not to talk about it. The fans, of course, do the complete opposite. Those who want to cover up the Symphogear's existence are going to sweat hard!
